Have questions or need additional information?

There are three ways to learn more:

- Attend the CySP Program Information Session on January 11th from 6:00 - 8:00pm in Groth Hall, Room 505 on the UA South Campus in Sierra Vista or via Zoom using this link: https://arizona.zoom.us/j/112580548
- Call the Cyber Operations Program Office at 520-458-8278 x2155
- Email us at CySP@email.arizona.edu

**Student Benefits:**
- Grant funds to cover full tuition and mandatory fees
- Students receive an annual stipend of $25,000 (undergrad) or $30,000 (grad students)
- Additional stipend funds to be used for books, professional development, attendance at conferences, etc.

**Student Eligibility & Responsibilities:**
- Must be eligible for DoD employment (including being a US Citizen or Permanent Resident)
- Students who receive the scholarship are required to work in government service for the same amount of time for which they were funded (so, if you are funded for two years, you are required to work for a governmental agency for two years)
- Eligible government service must be with a DoD agency
- Students will work a summer internship with one of the affiliated agencies

**PROCESS & TIMELINE FOR SUBMISSION**

Once students submit their completed application packages, a university committee made up of faculty and staff will review them to verify they are complete. Students with complete applications will be scheduled to interview with the program evaluation committee. After the interviews, the program evaluation committee members will rank the applications for inclusion in the final grant application sent on behalf of the University of Arizona. Award notices will be announced in mid-May.

**DATES TO NOTE**

- January 11 - Information Session
- January 21 - Student applications due
- January 21 - 28 - University committee review
- January 28 - February 1 - Applicant interviews
- February - University of Arizona submits final grant application
- May - Award notices announced
